

CONCOA EQUIPMENT & PRODUCT TRAINING

CONCOA's Product and Equipment Training is designed to meet all levels of experience. The course will focus on current marketing trends, sales techniques and strategic selling skills including target market identification.

Understanding of CONCOA equipment and basic applications and terminology will be one of the highlights of the course, as well as an in-depth analysis of applications and the use of specialized equipment.

Presented by Larry Gallagher
Specialty and Medical Gas Product Manager

When: March, 19-21, 2012

Where: CONCOA Headquarters,
Virginia Beach, VA

There is no cost for this extremely informative class.*
