Designing a Laser Gas Delivery System	Inside Cover
Table of Contents	1
Resonator Gas System	2
Beam Purge Gas System	3
Assist Gas System	4
Laser Welding Gas System	5

Resonator Gas

625 Series Laser Gas Station	6
624 Series Laser Gas Panel	7
621 Series Automatic Laser Gas Switchover	8
620 Series Laser Gas Switchover	10
619 Series Automatic Pressure Differential Switchover	12
601 Series Regulator	14
5230 Series Regulator (Single Stage • Brass Barstock Body • Five Ports)	16

Assist Gas Supply

643 Series IntelliSwitch II Fully Automatic Switchover with I-Link Webserver Technology	18
641 Series IntelliSwitch Switchover	20
639 Series Assist Gas System (High Pressure Primary • High Pressure Reserve)	22
630 Series Cryogenic Manifold	24
629 Series MicroManifold (Brass Barstock Body)	26
628 Series Manifold (Brass Barstock Body)	28
623 Series Gas Delivery System (Brass Barstock Body • Dome Loaded • Ultra High Flow)	30
622 Series Gas Delivery System (Brass Barstock Body • Dome Loaded • High Flow)	32
605 Series Gas Delivery System (Single Stage • Brass Barstock Body • High Flow)	34
603 Series Gas Delivery System (Line Regulator • Brass Barstock Body • High Flow)	36
5260 Series Regulator (Single Stage • Chrome-Plated Forged Brass Body • Four Ports)	38

Laser Welding

652 Series BlendMaster 1000	40
636 Series AutoSwitch HF	42
5270 Series Regulator	44
5237 Series Point-of Use Regulator	46

Beam Purge Supply

Beam Purge Assembly	47

Accessories

Particulate Filter Assembly	48
Molecular Sieve Filter	49
Purges	49
Diaphragm Valves	50
Relief Valves	50
Advantium 8 Alarm	51
Advantium 1 & 2 Plus Remote Alarm	52
Tube Trailer Hoses	53
Manifold Floor Stands	53
Flexible Hoses	54
Liquid Cylinder	55
Resonator and Assist Gas Tubing	56
