

# REGULATOR MOUNTING BRACKETS

CONCOA regulator mounting bracket kits and panel mounting kits provide an easy and secure option to mount many CONCOA regulators including 300 or 400 Series regulators, 5600 or 5690 Series regulators, 6600 or 6700 Series regulators, and more. The kits come with a sturdy, brushed stainless 'U' bracket, bolts, and washers. Pre-drilled mounting hole patterns accommodate any orientation for CONCOA single and dual stage, line, and assist gas regulators.
